About this Property

The Le Seeleur building blends heritage and contemporary design. Once a traditional carpentry workshop, it has been re-imagined into 3 unique, loft-style residences — each exuding character and modern sophistication.

Unit 3 is accessed through a private, secure courtyard with parking and dedicated storage. Step inside and you'll find a dramatic open-plan living space, where original exposed brickwork and painted timber beams create a striking backdrop for the sleek, designer kitchen. A spacious laundry room and stylish house bathroom complete the ground floor, offering convenience without compromising style.

Upstairs, two beautifully appointed bedrooms feature vaulted ceilings and their own luxury en-suite bathrooms.
